Dear Anita

Public Spaces Protection Order

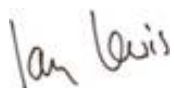

Following last night's meeting of the Environment Overview & Scrutiny Committee, we are writing to request that you now abandon the current plans for a Public Spaces Protection Order.

It was clear from the remarks by Mr Wilkinson, on behalf of Wirral Good Dogs, as well as councillors in all parties, that the proposals are not supported.

Taking into account the effect these proposals are already having on some of our most vulnerable residents, and the failure by Kingdom to enforce EXISTING regulations to deal with dog fouling in all areas – not only the 140 locations listed under the PSPO – we believe an early and swift withdrawal of the Plan is warranted and justified.

This would also allow talks with Wirral Good Dogs and others to start sooner, enabling proposals that are acceptable to the majority of dog owners.

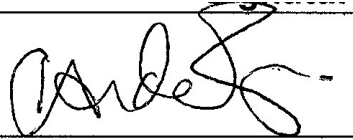

Yours sincerely
