Election of a local Councillor for Wallasey

USE YOUR VOTE TO STOP A MILITANT- STYLE TAKEOVER

Wirral Council is on the verge of being taken over by the hard left, Militant-style Labour Party. When there was a Militant-led Council in Liverpool, investors were scared away, jobs were lost and taxes went up.

At this year's Council elections, there are just two seats in it. If Labour loses two seats, Wirral will have narrowly avoided going down the Liverpool 'road to ruin' that we saw in the 1980s.

Opinion polls show it's neck and neck between Labour and the local Conservatives.

Here in Wallasey, Paul Hayes needs your vote to win. Don't let Labour sneak in. Every vote will count this time.

If you don't receive your postal vote or you need help to return it, call the Postal Vote Helpline on the number below or email electoral@wirral.gov.uk.

our plan

SAVE OUR GREEN BELT:

Thousands of residents oppose Labour's plans to build on it. We will support development of Wirral's 'Brownfield' sites instead to provide the homes that Wirral needs.

EXPOSE TOWN HALL WASTE:

Too much of your Council Tax is being wasted by Labour on things we don't need, such as the Wirral View newspaper and management consultants.

PROTECTING OUR COASTS AND BEACHES:

We will do more to keep our beaches clean and tackle pollution. And, working with residents, we stopped Labour's coastal parking charges and tackled the camper van parking problem.

GROW OUR LOCAL ECONOMY:

There are 1,800 more businesses in Wirral than in 2010. We will do more to support our High Streets and small businesses to create the jobs and thriving local communities we need.

IMPROVING ANIMAL WELFARE:

Labour's Dog Ban Plan penalises the many responsible owners because of the actions of the few. So, we'll scrap the plan. We will also do more to tackle animal neglect and abuse.

BETTER COUNCIL SERVICES:

We will fight for resurfacing of Grove Road, Seaview Road, Mosslands Drive and others and for old street lights to be replaced with the new LED lights, with the £4.6 million given by the Government.

THERE ARE JUST 2 SEATS IN IT!

The outcome of the Council election in Wirral will decide whether we have a Militant-style Labour Council after May 2nd.

The 'hard left' members who have joined since Jeremy Corbyn became Leader now control the Labour Party across Wirral. Following the decision of Council Leader Phil Davies to step down in May, it is likely that his replacement will be one of those councillors as well.

All that is stopping them from controlling the Council are the 21 Conservative Councillors in the Town Hall. The other parties are too far behind and can't win.

If Labour loses just two seats in these elections (out of the 35 they hold), they won't have outright control of the Council. (A Party needs 34 seats or more to run the Council on it's own.)

That means all the parties will have to work together and only policies that have the support of a majority of

Wallasey Ward is the only area left on this side of Wirral with local Conservative Councillors. Labour has made it their Number One target!

councillors will be agreed. That's why every vote - including every postal vote - matters so much.

The last time Militant Labour ran a council it was in Liverpool, with Derek Hatton in the 1980s. Their extreme policies and tactics scared away investors, leading to job losses, higher taxes and

worse local services, as well as from a reputation that took years to recover.

No matter how you vote in a General Election, locally here in Wirral, it's different this time but it's going to be close. Just two seats will decide whether your Council goes down the Liverpool road to ruin after May 2nd.

“We only hear from Labour at election time. We hear from Paul Hayes, Ian Lewis and Lesley Rennie ALL the time!”

YOUR POSTAL VOTE IS ON THE WAY: USE IT OR LOSE IT!

Postal votes are the safest way of voting but, at every election, some votes aren't counted because they have been sent back too late or haven't been completed properly.

This guide tells you what should be in the postal vote pack that has been sent to you by the Town Hall.

The step-by-step guide also tells you how to make sure it is done correctly. Remember, you don't need a stamp to post it back. You can send it back using your nearest post box.

If you make a mistake or if you're not sure what to do, call the Postal Vote Helpline at the Town Hall on 0151 691 8046 or electoral@wirral.gov.uk and the staff there will do their best to help.

Please remember that, at every election, there are seats that are won or lost by just a handful of votes.

Don't wake up on Friday 3rd May to find that you have a Labour Councillor - and a Militant Labour Council - make sure you use your postal vote to keep Paul Hayes working for Wallasey.

REVEALED!
WIRRAL'S LABOUR COUNCIL IS SPENDING MORE ON CONSULTANTS AND SENIOR DIRECTORS:

Council chiefs in the money

Globe, 10 April 2019

A damning report by the independent Taxpayers' Alliance has named Wirral as paying higher salaries for senior directors than almost any other council in the country.

Their recent report ('Town Hall Rich List') revealed that Wirral's top seven directors had cost the taxpayer £1.4 million a year.

At the same time, Labour's use of private sector management consultants to support the Directors and the 10 member Labour Cabinet continues to grow - one individual is being paid £900 a DAY!

To put this into context, it's the equivalent of fixing every faulty street light in Wallasey.

So, the next time Wirral Labour puts a leaflet through your letterbox or knocks on your door to tell you there is 'no money', ask them why they are spending YOUR money on these top jobs. It's their political choice to do so.

Councillor Paul Hayes and the local Conservatives have a plan to deal with this:

- 1. STOP** recruiting Directors who are paid more than the Prime Minister.
- 2. PUBLISH** the cost of the top jobs and consultants with the annual Council Tax bill.
- 3. REDUCE** the use of outside consultants and make their appointments public.
- 4. CAP** the generous pay-offs when senior directors retire or leave the Council.

If you agree with our plan, use your postal vote to vote for it at the council elections this year:

The top 3 mistakes made by postal voters:

1 TOO LATE: Don't leave it until the last minute to post it. Most people return their immediately to make sure.

2 NOT SIGNED: If you don't sign the Declaration that is with the ballot paper, your vote won't be counted.

3 SPOILT BALLOT: Don't put your name on the ballot paper and only mark one box on it otherwise it won't count.

'WE HAVEN'T LEFT LABOUR; LABOUR HAS LEFT US'

Today's Labour Party - of Corbyn, McDonnell and Militant - is not the same Labour Party that our parents and grandparents voted for.

In their own words, Labour MPs, councillors and members explain why they have called it a day:

BIRKENHEAD MP, FRANK FIELD: "It (Labour) has allowed a culture of nastiness, bullying and intimidation to develop".

- quit Labour in September

POLICE COMMISSIONER JANE KENNEDY: "I left the Labour Party after the resignation of Luciana Berger MP and the announcement that Derek Hatton had been re-admitted into party membership"

- quit Labour in March

LABOUR COUNCIL LEADER PHIL DAVIES: "the local party has been taken over by a small group of hard-line extremists that are pursuing a narrow ideological agenda."

- quits as Leader in May

A YEAR OF ACTION AND SERVICE FOR WALLASEY

Labour pops up at election time while the smaller parties don't even bother then! Only the local Conservatives led by Paul Hayes, Ian Lewis and Lesley Rennie keep in touch all year round. We can't promise to solve every problem, but we will try our best.

Community clean up:

Following complaints of fly tipping, dumping and rubbish, Paul worked with residents on a 'Community Clean Up' in Folly Lane and Stonehouse Road.

Post Office re-opens:

While other Post Offices closed, we worked with residents to run a campaign that reversed the closure and brought this much loved facility back into use.

Road repairs:

We secured £344,000 for local roads but, in December, Labour 'reallocated' cash for Mosslands Drive, Grove Road and Hoseside Road to Birkenhead instead!

Wallasey Village station:

Following news of £300 million from the Government, our petition for better access was backed by 500 residents. Labour-run Merseytravel has instead chosen Birkenhead Park.

The end of Kingdom:

Small businesses and shops in Seaview Road and Wallasey Village asked for our help after Kingdom hit them with 'trade waste fines'. The campaign led to Kingdom being binned.

Camper van parking:

Last year, we promised action and we delivered. Camper vans are no longer taking up parking spaces at the promenade, meaning more spaces for residents to use, for free!

USE YOUR POSTAL VOTE TO MAKE A DIFFERENCE:

The council election here in Wallasey is between Paul Hayes and an increasingly hard-left and extreme local Labour Party.

The smaller parties are too far behind and can't win here.

A 'protest vote' for them, or not voting at all, only makes it easier for Labour to win here on 2nd May. You can't risk a Labour Councillor.

PAUL HAYES: OUR FIVE PLEDGES TO THE PEOPLE OF WALLASEY

At a time when trust in national politicians and MPs has never been lower, we think it's important that you know where we stand and how we'll serve you, if you re-elect Paul Hayes:

1. Paul, Ian and Lesley will always put the interests of **Wallasey first**.
2. We will be **accessible and visible** across the community with regular newsletters and surveys.
3. We will **consult** local residents on important issues, such as our recent survey on parks and play areas.
4. We will work with and **support local organisations** such as the Friends of the Library and Harrison Park
5. We will always act with **integrity and honesty** and won't make promises we can't keep.
