

Vote

on Thursday for...

Less spending on senior directors and consultants - putting your Council Tax into services instead.

Saving Wirral's Green Belt - and building homes in the urban areas that need regeneration.

An end to Labour's control of the Town Hall - there's just two seats in it and every vote will count.

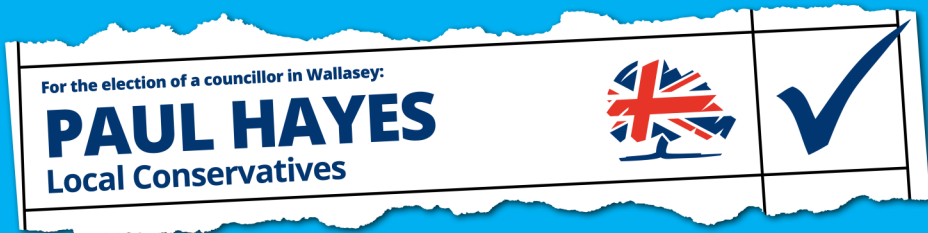

Even people who only usually vote in General Elections recognise that, this year, their Council vote can make a difference.

Use your vote to stop a Militant-style takeover of Wirral Council on Thursday. It matters.

On Thursday, vote to keep the team that works hardest for Wallasey, all year round and not just at election time.

Don't risk waking up to a hard-left Labour Councillor representing you in the Town Hall on Friday.
